

BAMBOO

FARGESIA

Clumping Bamboo — *Fargesia denudata*

Novalis Plants that Work® - Petite, delicate leaves form along arching canes. A stunning focal point that adds grace to the landscape.

Item # 323601 Mature Size: 8-12' tall x 4' wide Exposure: Part Shade Bloom Color: Grown for its foliage
Bloom Time: No flowers Hardiness Zone: 5 Heat Zone: 9

Red Fountain Bamboo — *Fargesia 'Jiuzhaigou'*

Novalis Plants that Work® - New culms are green before turning garnet red by the sun and mellow with age to a yellow tone. Tiny green leaves curl in the sun but unfurl when shade returns. Very striking in the landscape.

Item # 323135 Mature Size: 8-12' tall x 8' wide Exposure: Part Shade Bloom Color: Grown for its foliage
Bloom Time: No flowers Hardiness Zone: 5 Heat Zone: 9

Robust Clumping Bamboo — *Fargesia robusta*

Novalis Plants that Work® - A clumping, non-invasive bamboo with a narrow, upright growth habit and dark green leaves on light green stems. Tan sheaths against green culms create a checkered pattern for a striking effect. Excellent screen or informal hedge.

Item # 323901 Mature Size: 15' tall x 4' wide Exposure: Part Shade Bloom Color: Grown for its foliage
Bloom Time: No flowers Hardiness Zone: 6 Heat Zone: 9

Rufa Clumping Bamboo — *Fargesia rufa*

Novalis Plants that Work® - A clump-forming, non-invasive bamboo with a fountain-like growth habit. The glossy green foliage on yellow-green culms are covered with rusty-red sheaths. Excellent screen or informal hedge.

Item # 323701 Mature Size: 8' tall x 6' wide Exposure: Part Shade Bloom Color: Grown for its foliage
Bloom Time: No flowers Hardiness Zone: 5 Heat Zone: 9

Scabrida Bamboo — *Fargesia scabrida*

Novalis Plants that Work® - Reddish-orange culm sheaths are eye-catching against the dark green new canes. Clump forming and non-invasive, it is a very graceful and decorative bamboo. Long and narrow emerald green leaves flutter with a breeze.

Item # 324201 Mature Size: 12-15' tall x 8' wide Exposure: Part Shade Bloom Color: Grown for its foliage
Bloom Time: No flowers Hardiness Zone: 6 Heat Zone: 9

Clumping Bamboo

Umbrella Bamboo

Umbrella Bamboo — *Fargesia murielae*

Novalis Plants that Work® - A non-invasive, clumping bamboo with graceful, arching canes that will cascade into a canopy. Known for its cold hardiness, the slender leaves curl in cold weather. Bluish-green new shoots mature to yellow-green leaves.

Item # 323801	Mature Size: 12-14' tall	Exposure: Part Shade	Bloom Color: Grown for its foliage
	Bloom Time: No flowers	Hardiness Zone: 5	Heat Zone: 9

Wenchuan Clumping Bamboo — *Fargesia robusta* 'Wenchuan'

Novalis Plants that Work® - This bamboo has red sheaths with green leathery leaves that have rather blue undersides. The open clumping habit has flexible culms and is hardier than other robustas.

Item # 323983	Mature Size: 16' tall	Exposure: Shade	Bloom Color: Grown for its foliage
	Bloom Time: No flowers	Hardiness Zone: 7	Heat Zone: 7

Wolong Clumping Bamboo — *Fargesia robusta* 'Wolong'

Novalis Plants that Work® - As new canes emerge, striking white sheaths add ornamental aspect against dark green canes. The olive-green leaves are wide, shiny and very noticeable. Perfect for screening, the canes stand tall and erect before bending to the weight of their foliage.

Item # 323985	Mature Size: 16' tall x 6-8' wide	Exposure: Part Shade	Bloom Color: Grown for its foliage
	Bloom Time: No flowers	Hardiness Zone: 7	Heat Zone: 7

GRASSES

CALAMAGROSTIS

Eldorado Feather Reed Grass — *Calamagrostis acutiflora* 'Eldorado'

PP #16,486 - Upright clumps that have narrow green blades with vertical gold bands that seem to reflect sunlight. Tan summer seed heads have a wheat-like appearance. An excellent selection for erosion control because of its fibrous root system.

Item # 120318	Mature Size: 4-5' tall x 2' wide	Exposure: Sun	Bloom Color: Tan plumes
	Bloom Time: Early to late Summer	Hardiness Zone: 4	Heat Zone: 8

Karl Foerster Feather Reed Grass — *Calamagrostis x acutiflora* 'Karl Foerster'

This versatile upright grass grows in non-spreading clumps. Bronze-pink inflorescence that fade to buff or pale brown appear in summer above the foliage. Adds vertical interest in the landscape. Leave standing over the winter. An excellent selection for erosion control because of its fibrous root system.

Item # 120337	Mature Size: 72" tall x 24" wide	Exposure: Sun	Bloom Color: Bronzy, fading buff
	Bloom Time: Mid-Summer	Hardiness Zone: 5	Heat Zone: 9

Overdam Feather Reed Grass — *Calamagrostis x acutiflora* 'Overdam'

A strong vertical habit and variegated green and white blades make this a garden standout. Upright flower plumes begin pink and fade to gold. Use for accent, contrast, and vertical form. Excellent for erosion control because of its fibrous root system.

Item # 120354	Mature Size: 60" tall x 26" wide	Exposure: Sun	Bloom Color: Bronzy, fading buff
	Bloom Time: Mid-Summer	Hardiness Zone: 5	Heat Zone: 9

Overdam Feather Reed Grass

CAREX

Bunny Blue® Sedge — *Carex laxiculmis* 'Hobb'

PPAF - A low growing mound of silver-blue blades that are generally 1/2" wide. Responds well in a growing site with rich moist soil. A native plant with good fall color. A great selection for planting along a woodland edge or streambed.

Item # 124407	Mature Size: 8-12" tall x 12-16" wide	Exposure: Part Shade	Bloom Color: Grown for its foliage
	Bloom Time: Colorful Spring-Fall	Hardiness Zone: 6	Heat Zone: 9

CHASMANTHIUM

Northern Sea Oat — *Chasmanthium latifolium* 

Tolerant of poor soil and dry soil, it prefers moist soil with sun to part shade. Green blades turn copper in the fall and drooping seed heads turn purple-bronze to tan. Leave foliage standing in place over the winter to provide winter seeds and protective cover for birds. Will self-seed.

Item # 172500	Mature Size: 2-4' tall x 3' wide	Exposure: Part Shade	Bloom Color: Tan
	Bloom Time: Mid Summer	Hardiness Zone: 3	Heat Zone: 8

River Mist Northern Sea Oat — *Chasmanthium latifolium* 'River Mist'

PP #20,643 - A stunning ornamental grass that displays green blades with heavy white stripes. Late in the summer, the oats that provide contrasting interest develop. Leave foliage standing in place over the winter to provide winter seeds and protective cover for birds. Prune back in late winter.

Item # 172567 Mature Size: 3' tall x 2-3' wide Exposure: Part Shade Bloom Color: Tan
Bloom Time: Mid to Late Summer Hardiness Zone: 4 Heat Zone: 8

FESTUCA

Blue Fescue — *Festuca glauca* 'Elijah Blue'

Clumps of fine leaves retain their blue color year round. Tan flowers are borne in summer, but the foliage is the real show. Use for foregrounds, rock gardens and combination planters.

Item # 327410 Mature Size: 10" tall x 12" wide Exposure: Sun Bloom Color: Blue blades
Bloom Time: Mid-Summer Hardiness Zone: 4 Heat Zone: 7

HAKONECHLOA

Fubuki™ Japanese Forest Grass — *Hakonechloa macra* 'Briform'

PPAF - The name 'Fubuki' is Japanese for "snowstorm" and is well-suited for the mostly white blades with green banding that this grass boasts. In autumn, it casts a stunning pink among the blades. Stunning when planted with purple vegetation.

Item # 407824 Mature Size: 24" tall x 24" wide Exposure: Shade Bloom Color: Grown for its foliage
Bloom Time: Colorful Spring-Fall Hardiness Zone: 5 Heat Zone: 9

Golden Japanese Forest Grass — *Hakonechloa macra* 'Aureola'

2009 Perennial Plant of the Year! A gracefully mounding, ornamental grass with slender stems. Blades are bright yellow with thin green border stripes. Green stripes are most visible in shade and less in sunny locations. Edges become pink-tinged during cooler weather.

Item # 407800 Mature Size: 15-18" tall x 15-18" wide Exposure: Shade Bloom Color: Grown for its foliage
Bloom Time: Colorful Spring-Fall Hardiness Zone: 5 Heat Zone: 9

Naomi Japanese Forest Grass — *Hakonechloa macra* 'Naomi'

PP #19,897 - Creamy yellow and green variegated leaves turn reddish-purple in the fall. A slow grower that will spread underground is attractive on slopes, growing over rocks and walls or in containers.

Item # 407850 Mature Size: 10-20" tall x 24" wide Exposure: Shade Bloom Color: Inconspicuous spikes
Bloom Time: Grown for its foliage Hardiness Zone: 5 Heat Zone: 9

Nicolas Japanese Forest Grass — *Hakonechloa macra* 'Nicolas'

PP #19,898 - Solid green spring/summer blades takes on orange and red tones in the fall. Outstanding fall color that will highlight a shaded area in the landscape. Attractive when planted on a slope or draping over the edges of a wall or container.

Item # 407852 Mature Size: 10-20" tall x 24" wide Exposure: Shade Bloom Color: Inconspicuous spikes
Bloom Time: Grown for its foliage Hardiness Zone: 5 Heat Zone: 9

Red Wind Japanese Forest Grass — *Hakonechloa macra* 'Beni—kaze'

A mound of green foliage with a red blush that turns bright red in the fall season. Beautiful when planted en masse, down a bank or cascading over a wall. The slightly rippled blades create a swaying movement in the landscape.

Item # 407805 Mature Size: 24-36" tall x 24-36" wide Exposure: Shade Bloom Color: Grown for its foliage
Bloom Time: Colorful Spring-Fall Hardiness Zone: 5 Heat Zone: 9

LEYMUS

Blue Dune Lyme Grass — *Leymus arenarius* 'Blue Dune'

Forms a gracefully arching, upright clump of bright blue-green foliage topped by blue-gray flower spikes in summer. Vigorous, spreading habit.

Item # 537706 Mature Size: 30" tall x 24" wide Exposure: Sun Bloom Color: Blue-gray flowers
Bloom Time: Summer Hardiness Zone: 4 Heat Zone: 8

River Mist Northern Sea Oat

Fubuki™ Japanese Forest Grass

Purple Silver Grass

MISCANTHUS

Cabaret Grass — *Miscanthus sinensis* 'Cabaret'

Cream colored and medium green variegation along the arching blades in this clump forming ornamental grass. Copper toned plumes fade to creamy-white at the end of summer. Leave foliage standing throughout the winter for visual interest and cut back in early spring.

Item # 605908	Mature Size: 72" tall x 60" wide	Exposure: Sun	Bloom Color: Copper turning cream
	Bloom Time: Late Summer	Hardiness Zone: 6	Heat Zone: 9

Dwarf Maiden Grass — *Miscanthus sinensis* 'Adagio'

Not as large as some of its kin, 'Adagio' is a better fit for the small garden. It has narrow green leaves with silver veins and spectacular flower plumes starting in midsummer and lasting into fall.

Item # 605904	Mature Size: 48" tall x 36" wide	Exposure: Sun	Bloom Color: Reddish, turning tan
	Bloom Time: Late Summer	Hardiness Zone: 4	Heat Zone: 9

Graziella Maiden Grass — *Miscanthus sinensis* 'Graziella'

Fine textured leaf blades have silvery, vertical stripes. Leaves turn reddish in fall and are topped with delicate silvery-white plumes. Excellent for erosion control because of its fibrous root system.

Item # 605527	Mature Size: 72" tall x 48" wide	Exposure: Sun	Bloom Color: Silvery white flowers
	Bloom Time: Late Summer	Hardiness Zone: 4	Heat Zone: 9

Little Zebra Grass — *Miscanthus sinensis* 'Little Zebra'

A new, small-growing variety featuring 3-4' tall clumps of green leaves with the familiar yellow bands. Reddish flowers appear in mid to late summer and persist into winter. Excellent for erosion control because of its fibrous root system.

Item # 605944	Mature Size: 48" tall x 36" wide	Exposure: Sun	Bloom Color: Pinkish, fading white
	Bloom Time: Late Summer	Hardiness Zone: 4	Heat Zone: 9

Maiden Grass — *Miscanthus sinensis* 'Gracillimus'

Narrow silver-veined leaves with large fan-shaped copper plumes in early fall. Flowers age to silvery white and remain decorative into winter. Excellent for erosion control because of its fibrous root system.

Item # 605528	Mature Size: 48" tall x 60" wide	Exposure: Sun	Bloom Color: Pinkish, fading white
	Bloom Time: Late Summer	Hardiness Zone: 4	Heat Zone: 9

Porcupine Grass — *Miscanthus sinensis* 'Strictus'

Horizontal gold bars decorate the foliage on this upright clumping grass. 'Strictus' is popular for not "flopping" in late summer. Striking plant useful for backgrounds, accent, borders, and hedges.

Item # 605970	Mature Size: 72" tall x 36" wide	Exposure: Sun	Bloom Color: Reddish, fading buff
	Bloom Time: Late Summer	Hardiness Zone: 4	Heat Zone: 9

Purple Silver Grass — *Miscanthus sinensis* 'Purpurascens'

Green foliage in the summer becomes a striking orange-red in the fall. Feather-like plumes first have a pinkish-silver tone, then age to white. Striking color for borders, accent, and cut arrangements.

Item # 605961	Mature Size: 48" tall x 36" wide	Exposure: Sun	Bloom Color: Pinkish, fading silvery
	Bloom Time: Late Summer	Hardiness Zone: 5	Heat Zone: 9

Variegated Japanese Silver Grass — *Miscanthus sinensis* 'Variegatus'

An old favorite with arching, long blades of white-edged foliage. Flowering plumes stand above foliage, emerging pinkish and fading to white. Perfect accent plant, great in borders, three seasons of color.

Item # 605979	Mature Size: 72" tall x 60" wide	Exposure: Sun	Bloom Color: Pinkish, fading white
	Bloom Time: Late Summer	Hardiness Zone: 5	Heat Zone: 9

Heavy Metal Switch Grass

PANICUM

Heavy Metal Switch Grass — *Panicum virgatum* 'Heavy Metal'

Metallic blue-gray foliage that turn yellowish-red in the fall on this upright clumping grass. Holds up well in snow so it provides food and cover for wintering songbirds. The fibrous root system creates excellent erosion control.

Item # 662529	Mature Size: 48" tall x 30" wide	Exposure: Sun	Bloom Color: Reddish, turning tan
	Bloom Time: Mid to late Summer	Hardiness Zone: 4	Heat Zone: 9

Northwind Switch Grass — *Panicum virgatum* 'Northwind'

Erect, clumping grass with deep green to steel-blue foliage during the growing season turning golden-yellow in autumn. Sturdy stems remain upright even under a snow load providing protection for wintering songbirds. The root system establishes erosion control.

Item # 662553	Mature Size: 60" tall x 30" wide	Exposure: Sun	Bloom Color: Reddish, turning tan
	Bloom Time: Mid to late Summer	Hardiness Zone: 4	Heat Zone: 9

Prairie Sky Switch Grass — *Panicum virgatum* 'Prairie Sky'

Tight-growing, upright columns of sky-blue foliage give this grass a bold look. Reddish flower spikes of late summer become sandy-colored in fall. Holds up well in snow so it provides food and cover for wintering songbirds. Excellent for erosion or slope control because of its root system.

Item # 662560 Mature Size: 60" tall x 30" wide Exposure: Sun Bloom Color: Reddish, turning tan
Bloom Time: Mid to late Summer Hardiness Zone: 4 Heat Zone: 9

Shenandoah Switch Grass — *Panicum virgatum* 'Shenandoah'

Beautiful green foliage that has dark red tones in summer that change to a striking burgundy in fall. Reddish-pink flower panicles in late summer turn wheat color. Holds up well in snow so it provides food and cover for wintering songbirds.

Item # 662569 Mature Size: 48" tall x 30" wide Exposure: Sun Bloom Color: Reddish, turning tan
Bloom Time: Mid to late Summer Hardiness Zone: 4 Heat Zone: 9

PENNISETUM

Foxtrot Fountain Grass — *Pennisetum alopecuroides* 'Foxtrot'

Silvery-pink plumes that are shaped like bottlebrushes sway in the breeze and add artful movement to the landscape. Narrow, green leaves glow with golden to reddish tones in the fall. Stunning late season color in the landscape.

Item # 664024 Mature Size: 48-60" tall x 36-48" wide Exposure: Sun Bloom Color: Silvery-pink flowerheads
Bloom Time: Mid Summer Hardiness Zone: 5 Heat Zone: 9

Hameln Dwarf Fountain Grass — *Pennisetum alopecuroides* 'Hameln'

Like water spraying from a fountain, arching deep green foliage forms an upright clump. In late fall, the foliage changes to orange-bronze before eventually changing to tan for the winter. Pinkish-white, wheat-like flowers appear in late summer. Cut foliage to the ground in late winter. A compact charmer.

Item # 664028 Mature Size: 18-30" tall x 18-30" wide Exposure: Sun Bloom Color: Pinkish-white Flowers
Bloom Time: Mid to late Summer Hardiness Zone: 5 Heat Zone: 9

Karley Rose Oriental Fountain Grass — *Pennisetum orientale* 'Karley Rose'

PP #12,909 - Clumps of dark green foliage with an upright and arching habit. Early summer plumes are deep pink. Long-bloomer good for borders, groupings, and cut arrangements. Excellent for erosion control because of its fibrous root system.

Item # 664938 Mature Size: 36" tall x 36" wide Exposure: Sun Bloom Color: Pink
Bloom Time: Early to late Summer Hardiness Zone: 6 Heat Zone: 8

Little Bunny Miniature Fountain Grass —

Pennisetum alopecuroides 'Little Bunny'

A dwarf grass with fluffy, buff colored blooms like bunny tails. Green foliage turns a golden-russet color in fall. A size well-suited to rock gardens, foregrounds, and containers.

Item # 664042 Mature Size: 12" tall x 12" wide Exposure: Sun Bloom Color: Creamy white
Bloom Time: Mid to late Summer Hardiness Zone: 4 Heat Zone: 9

SCHIZACHYRIUM

Little Blue Stem — *Schizachyrium scoparium* 'The Blues'

Slender blue-green blades that turns striking reddish-orange in the fall grows in upright clumps. The clumps provide nest sites and protective shelter for birds. Silver seed heads stand above foliage and catch the light nicely early and late in the day. Effective for erosion control.

Item # 819073 Mature Size: 36" tall x 24" wide Exposure: Sun Bloom Color: Silvery
Bloom Time: Fall Hardiness Zone: 3 Heat Zone: 9

SORGHASTRUM

Indian Steel Grass — *Sorghastrum nutans* 'Indian Steel'

A clump-forming perennial grass with steely blue-green leaves. A tall grass, native to North America, it displays feathery panicles of tannish-yellow flowers in late summer to early fall. The panicles turn bronze in the fall and provide winter interest if left standing. Cut back hard in late winter.

Item # 855931 Mature Size: 3-5' tall x 3-5' wide Exposure: Sun Bloom Color: Bronze spikes
Bloom Time: Summer to Fall Hardiness Zone: 4 Heat Zone: 9

Hameln Dwarf Fountain Grass

Little Blue Stem

VINES

CAMPSIS

Madame Rosy® Trumpet Creeper — *Lonicera* x 'HOMR'

PPAF - An easy to grow, well-mannered, deciduous vine that puts on a show with large, rose-colored flowers from Spring until Fall. A hybrid native that attracts butterflies and hummingbirds. A strong growing vine that is best displayed on a trellis or fence.

Item # 121444	Mature Size: 10-15' long	Exposure: Sun	Bloom Color: Red flowers
	Bloom Time: Spring to Fall	Hardiness Zone: 5	Heat Zone: 9

CLEMATIS

Comtesse De Bouchaud Clematis — *Clematis* 'Comtesse De Bouchaud'

Velvet rose-pink flowers with creamy-yellow anthers. Roots should be shaded and soil evenly moist. Ideal when grown on a trellis, arbor or fence. Enchanting color display.

Item # 178509	Mature Size: 6-10' long	Exposure: Sun	Bloom Color: Pink flowers
	Bloom Time: Late Spring	Hardiness Zone: 4	Heat Zone: 9

Ernest Markham Clematis — *Clematis* x 'Ernest Markham'

Novalis Plants that Work® - Magenta flowers with overlapping petals and sunny yellow stamens. Grow on an arbor or over a wall. Clematis perform best when their roots are shaded by other plants.

Item # 178520	Mature Size: 10' long	Exposure: Sun	Bloom Color: Magenta flowers
	Bloom Time: Mid-Summer to Fall	Hardiness Zone: 4	Heat Zone: 9

Hagley Hybrid Clematis — *Clematis* 'Hagley Hybrid'

Mauve flowers with a ruffly edge and attractive red anthers. A strong grower with an extended bloom period from June to September. Attractive in a container or restricted growing site. Roots should be shaded with other plants or mulch.

Item # 178527	Mature Size: 8' long	Exposure: Sun	Bloom Color: Mauve flowers
	Bloom Time: Summer	Hardiness Zone: 4	Heat Zone: 9

Henry Clematis — *Clematis* 'Henryi'

Large snow-white flowers with chocolate-colored stamens. Will bloom in June and again in September. Will travel nicely along a trellis or cover a large boulder.

Item # 178529	Mature Size: 6-10' long	Exposure: Sun	Bloom Color: White flowers
	Bloom Time: Late Spring to Fall	Hardiness Zone: 4	Heat Zone: 9

Jackmanii Clematis — *Clematis* 'Jackmanii'

A reliable bloomer from June to frost, with deep purple flowers and yellow anthers that rise in the center of the blossom. Grows in full to partial sun. Roots should be shaded with other surrounding plants or a layer of mulch.

Item # 178534	Mature Size: 15-18' long	Exposure: Sun	Bloom Color: Purple flowers
	Bloom Time: Summer	Hardiness Zone: 4	Heat Zone: 9

Jackmanii Superba Clematis — *Clematis* 'Jackmanii Superba'

Rich purple flowers with an open face that have more rounded and slightly larger flowers than 'Jackmanii'. Best grown on a trellis, fence or arbor. Roots should be kept cool with surrounding plants or with mulch.

Item # 178535	Mature Size: 15-18' long	Exposure: Sun	Bloom Color: Purple flowers
	Bloom Time: Summer	Hardiness Zone: 4	Heat Zone: 9

Mrs. N. Thompson Clematis — *Clematis* 'Mrs. N. Thompson'

Vibrant violet-blue petals with a bright red center stripe in the center of each petal. It will begin to bloom in May or June and again from July to September. A beautiful blend of colors. Plant in full to part sun with roots shaded by surrounding plants or mulch.

Item # 178555	Mature Size: 5-8' long	Exposure: Sun	Bloom Color: Violet-blue flowers
	Bloom Time: Late Spring to Fall	Hardiness Zone: 4	Heat Zone: 9

Niobe Clematis — *Clematis* 'Niobe'

Magenta-red petals with pointed petal tips are highlighted by gold anthers. Splashes of bright color against a background of green foliage that can be grown along a fence, on a trellis or as a groundcover. Roots should be shaded by other plants or mulch.

Item # 178552	Mature Size: 8-12' long	Exposure: Sun	Bloom Color: Red flowers
	Bloom Time: Late Spring	Hardiness Zone: 4	Heat Zone: 9

Comtesse De Bouchaud Clematis

Niobe Clematis

Sweet Autumn Clematis — *Clematis paniculata*

Vigorous vine that bears a profusion of starry white flowers in late summer into autumn. Blooms are sweetly fragrant. Readily covers trellises, posts, and fences. Performs best if surrounding plants shade its roots and top-growth has sun exposure.

Item # 178770	Mature Size: up to 20' tall	Exposure: Sun	Bloom Color: White flowers
	Bloom Time: Fall	Hardiness Zone: 5	Heat Zone: 9

LONICERA

Blanche Sandman Honeysuckle — *Lonicera sempervirens* 'Blanche Sandman'

Hummingbirds love the tubular vibrant reddish-orange flowers that bloom in early summer and re-bloom sporadically throughout the summer. Provide support for this twining vine that loves to crawl along a fence or trellis with a display of bright color.

Item # 556305	Mature Size: 10-20' long	Exposure: Sun	Bloom Color: Scarlet flowers
	Bloom Time: Summer	Hardiness Zone: 5	Heat Zone: 9

Dropmore Scarlet Honeysuckle — *Lonicera x brownii* 'Dropmore Scarlet'

This vine has clusters of scarlet flowers in summer, followed by orange-red berries. A great way to incorporate color and attract hummingbirds and butterflies.

Item # 556015	Mature Size: 10' long	Exposure: Sun	Bloom Color: Scarlet flowers
	Bloom Time: Summer	Hardiness Zone: 4	Heat Zone: 9

Gold Flame Honeysuckle — *Lonicera x heckrottii*

Vigorous deciduous vine with fragrant, coral and yellow flowers produced in summer. Easily trained as an espalier. Good covering for fences and arbors.

Item # 556029	Mature Size: 15' tall x 8' wide	Exposure: Sun	Bloom Color: Coral flowers
	Bloom Time: Summer	Hardiness Zone: 4	Heat Zone: 9

Harlequin Honeysuckle — *Lonicera periclymenum* 'Harlequin'

Pink buds open to display fragrant pink and yellow flowers that hummingbirds adore. The leaves have green centers and creamy white edges adding to the overall appearance. In the fall, glossy red berries replace the flowers. Support for this lovely flowering vine is required.

Item # 556032	Mature Size: 10-15' long	Exposure: Sun	Bloom Color: Pink/yellow flowers
	Bloom Time: Summer	Hardiness Zone: 4	Heat Zone: 9

John Clayton Honeysuckle — *Lonicera sempervirens* 'John Clayton'

Fragrant yellow tubular flowers are on display from Summer through Fall. Hummingbirds and butterflies are drawn to the blooms and bright orange-red fruits follow in late summer and fall. Flowers appear on previous year's growth. Ideal for fence or arbor.

Item # 556336	Mature Size: 10-20' long	Exposure: Sun	Bloom Color: Yellow Flowers
	Bloom Time: Summer	Hardiness Zone: 4	Heat Zone: 9

SHIZOPHRAGMA

Moonlight Hydrangea Vine — *Schizophragma hydrangeoides* 'Moonlight'

Vigorous deciduous vine with showy clusters of pure white, flat-topped flowers borne over handsome silvery foliage in late spring. Ideal for covering walls, fences or trellis.

Item # 817546	Mature Size: Climbing to 30'	Exposure: Part Shade	Bloom Color: White flowers
	Bloom Time: Late Spring	Hardiness Zone: 6	Heat Zone: 10

WISTERIA

Amethyst Falls Wisteria — *Wisteria frutescens* 'Amethyst Falls'

Vigorous, climbing vine with dense, weeping clusters of fragrant, purple-blue flowers from late spring through summer. A spectacular cover for arbors, walls or fences. Needs a sturdy support.

Item # 957101	Mature Size: 30' vine	Exposure: Sun	Bloom Color: Purple-blue flowers
	Bloom Time: Summer	Hardiness Zone: 6	Heat Zone: 9

Aunt Dee Kentucky Wisteria — *Wisteria macrostachya* 'Aunt Dee'

A cold-hardy variety with 8-12" clusters of fragrant flowers in late spring and early summer. Provide ample such as a trellis or fence to support the fascinating intertwining stems. More tolerant of moist soil than other varieties.

Item # 957603	Mature Size: 15-25' vine	Exposure: Sun	Bloom Color: Lavender flowers
	Bloom Time: Spring / Summer	Hardiness Zone: 4	Heat Zone: 8

Dropmore Scarlet Honeysuckle

Gold Flame Honeysuckle

Ed's Blue Wisteria

Aunt Dee Kentucky Wisteria (Tree Form) — *Wisteria macrostachya* 'Aunt Dee'

A cold-hardy variety with 8-12" clusters of fragrant flowers in late spring and early summer. The same elegance as the vine but grown in a tree form. More tolerant of moist soil than other varieties.

Item # 957690

Mature Size: As Trained

Exposure: Sun

Bloom Color: Lavender flowers

Bloom Time: Spring / Summer

Hardiness Zone: 4

Heat Zone: 8

Ed's Blue Wisteria — *Wisteria floribunda* 'Ed's Blue'

A distinctively floriferous wisteria with extremely long racemes. The flowers are mid-blue and fully double. Flowers emerge progressively down the racemes at the same time that foliage develops. It is a mid-season bloomer. Best grown on an arbor or trellis for support.

Item # 957018

Mature Size: 12' +

Exposure: Sun

Bloom Color: Blue Flowers

Bloom Time: Early Summer

Hardiness Zone: 5

Heat Zone: 9
